Johannes Rembe et al.

Author comment on "Calcite U–Pb dating of altered ancient oceanic crust in the North Pamir, Central Asia" by Johannes Rembe et al., Geochronology Discuss.,
<https://doi.org/10.5194/gchron-2021-27-AC2>, 2021

Dear Dr. Robinson,

thank you very much for your helpful review comment. We will apply all suggested changes to the manuscript. An additional map at the beginning of the manuscript will be added, to give a broader overview of the NE Pamir and W Kunlun.

Sincerely,

Johannes Rembe on behalf of all authors
