Proceed with your responses and a revised manuscript

Andrew Wickert (Editor)

Editor comment on "Measurements of natural airflow within a Stevenson screen and its influence on air temperature and humidity records" by Stephen Burt, Geosci. Instrum. Method. Data Syst. Discuss., <https://doi.org/10.5194/gi-2021-31-EC1>, 2022

Dear Stephen Burt,

Based on the overall positive and constructive nature of the responses, I invite you to reply to the remaining referee comments and, based on this feedback and anything else that you may wish to improve, submit a revised manuscript.

All my best,

Andy
