Dear Editor:

Thank you very much for your comment and reminder, we really appreciate it. We will make a revision based on your valuable comment:

“In order to simplify reference to your developments, please add a name (and/or an acronym) and a version number of the published data assimilation system in the title of your article in your revised submission to GMD.”

We will rename our title: "A dual-pass carbon cycle data assimilation system Tan-Tracker (v1) to estimate surface CO₂ fluxes and 3D atmospheric CO₂ concentrations from spaceborne measurements of atmospheric CO₂" in our revised submission to GMD.

Best regards,

Yours sincerely,

Xiangjun Tian and Rui Han
