Comment on gmd-2020-388

Mark R. Muetzelfeldt et al.

Author comment on "A climatology of tropical wind shear produced by clustering wind profiles from the Met Office Unified Model (GA7.0)" by Mark R. Muetzelfeldt et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2020-388-AC1>, 2021

I have attached author comments to the 2 referees and the editor.

I have revised the manuscript in response to all comments, and will upload shortly.

Please also note the supplement to this comment:
