Chief editor comment on "A climatology of tropical wind shear produced by clustering wind profiles from the Met Office Unified Model (GA7.0)" by Mark R. Muetzelfeldt et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2020-388-CEC1>, 2021

Dear authors,

as you use only one climate model to produce your results, please name it and its version number in the title of the document.

Best regards,

Astrid Kerkweg (GMD Executive Editor)
