Comment on gmd-2020-399

Andrew Wickert (Editor)

Editor comment on "Synergy between satellite observations of soil moisture and water storage anomalies for global runoff estimation" by Stefania Camici et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2020-399-EC1>, 2021

Based on the divergent nature of the reviews and the extreme brevity of the first one, I have invited a third referee to review the manuscript. Once they are able to provide a review, we shall proceed following the aggregate recommendation as well as -- if necessary -- my own detailed review.
