Community comment on "Fast and accurate learned multiresolution dynamical downscaling for precipitation" by Jiali Wang et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2020-412-CC1, 2021

Dear Juan,

Sorry for the late response. It took a while for us to get the license file through an internal process on our side.

1. we have added a license file to the source code.

2. we creare a release with version number assigned and archived by zenodo, the doi is: http://doi.org/10.5281/zenodo.4730538

Thanks

Zhengchun
