Author comment on "Investigating the importance of sub-grid particle formation in point source plumes over eastern China using IAP-AACM with a sub-grid parameterization" by Ying Wei et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2020-430-AC1>, 2021

Dear Astrid Kerkweg,

Thanks for your reminding. The version number of the IAP-AACM is v1.0, and it will be added in our revised manuscript.

Yours sincerely,

Ying Wei
