Author comment on "Inline coupling of simple and complex chemistry modules within the global weather forecast model FIM (FIM-Chem v1)" by Li Zhang et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2021-111-AC1>, 2021

Hi Editor,

Here is the link to the repository for the code and the corresponding
DOI: <http://doi.org/10.5281/zenodo.5044392>.

We will include in a potential reviewed version of our manuscript the modified 'Code and Data Availability' section and the DOI of the code.

Please let me know if it works for your Code and Data Policy. Thanks.

Li
