Chief editor comment on "Inline coupling of simple and complex chemistry modules within the global weather forecast model FIM (FIM-Chem v1)" by Li Zhang et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2021-111-CEC2>, 2021

---

Dear authors,

Many thanks for making available your code. Yes, this should be enough.

Best regards,

Dr Juan A. Añel

Geosc. Mod. Dev. Executive Editor
