Community comment on "A physically based distributed karst hydrological model (QMG model-V1.0) for flood simulations" by Ji Li et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2021-120-CC4>, 2021

Dear Laurent,

I am JI LI. Thank you very much for your timely reply to let me know this information. Of course, it would be best if I did not have to resubmit it. I hope so. Thank you very much for your kind help. Wish you all the best.

Thank you and kind regards,

JI LI
