Author comment on "A Regional multi-Air Pollutant Assimilation System (RAPAS v1.0) for emission estimates: system development and application" by Shuzhuang Feng et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2021-134-AC1, 2021

Dear Editor,

Thanks for your notification. We have uploaded RAPAS v1.0 assimilation code to Zenodo. Please find the DOI below.

We will add “The extended GSI 3DVar code and originally-created EnSRF code by the author for supporting this paper are available at https://doi.org/10.5281/zenodo.5566225.” in the revised manuscript.

Sincerely Yours,

Shuzhuang Feng
