Chief editor comment on "The Comprehensive Automobile Research System (CARS) – a Python-based automobile emissions inventory model" by Bok H. Baek et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2021-135-CEC1, 2021

Dear Authors,

following our editorial, could you please add the current version number of CARS in the title of your article upon submission of the revised version.

Best regards,

Astrid Kerkweg
