Author comment on "High-resolution modeling of the distribution of surface air pollutants and their intercontinental transport by a global tropospheric atmospheric chemistry source–receptor model (GNAQPMS-SM)" by Qian Ye et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2021-201-AC2>, 2021

Dear Editor,

We are sorry that the code access does not comply with the GMD policy. We have opened access about the SM moule code (<https://doi.org/10.5281/zenodo.5179985>).

With best regards,

Qian Ye
