Author comment on "A dynamic local-scale vegetation model for lycopsids (LYCOM v1.0)"
by Suman Halder et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2021-202-AC4>, 2021

Dear Respected Referee,

We would like to thank you for reviewing our manuscript. We have taken into account all the comments and have tried to address all the concerns to the best of our abilities. The suggestions are highly appreciated and a revised version addressing the comments will be uploaded soon.

The detailed responses of the authors can be found in an attached file linked with the reply.

Thanking You,

Yours Sincerely,

Suman Halder
