Rafael Lago et al.

Author comment on "MagIC v5.10: a two-dimensional message-passing interface (MPI) distribution for pseudo-spectral magnetohydrodynamics simulations in spherical geometry" by Rafael Lago et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2021-216-AC4>, 2021

It seems that there was a typo in our reply concerning the line numbers of the revised manuscript.

- Instead of "lines 436 and 467" the correct reference in the revised manuscript is "lines 435--436".

We apologize for the confusion. This has been corrected in the "Author's response" PDF as well.
