Comment on gmd-2021-296

James Kelly (Editor)

Editor comment on "Islet: interpolation semi-Lagrangian element-based transport" by
Andrew M. Bradley et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2021-296-EC1>, 2021

In light of the second reviewer's comments, I am encouraging the authors to withdraw the manuscript and submit to another journal, such of Journal of Comptuational Physics.
