Referee comment on "Modeling of streamflow in a 30-kilometer-long reach spanning 5 years using OpenFOAM 5.x" by Yunxiang Chen et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2021-313-RC2, 2022

I thank the authors for providing such a rich and complete response to my comments. Very nice work
