Chief editor comment on "A model-independent data assimilation (MIDA) module and its applications in ecology" by Xin Huang et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2021-33-CEC1, 2021

Dear authors,

Unfortunately, as our journal's Code and Data Policy establishes, we can not accept Github as a trustful repository for the code and data you use in your manuscript. GitHub itself says it and recommends Zenodo for long-term code and data archival.
Therefore, please, check our policy and upload your materials to a suitable repository. And be aware that we can not publish your manuscript or move to the next steps in the review proccess until you fix it.
