Chief editor comment on "SnowClim v1.0: High-resolution snow model and data for the western United States" by Abby C. Lute et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2021-407-CEC2>, 2022

---

Dear authors,

Yes, we can accept Dryad. It is listed in our policy as one of the suitable repositories. About Matlab: I made a mistake in my previous comment. I confused Matlab and Mathematica, apologies. Despite it, your new sentence is better; please, use it instead of the current one in future reviewed versions of your manuscript.

Regards,

Juan A. Añel

Geosc. Mod. Dev. Executive Editor
