Editor comment on "CMIP6 simulations with the compact Earth system model OSCAR v3.1" by Yann Quilcaille et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2021-412-EC2, 2022

Thank you. I agree with your proposal to move the analysis on model behavior to the appendix. I look forward to the revised version of the manuscript.
