Comment on gmd-2021-419

Juan Antonio Añel

Chief editor comment on "UniFHy v0.1.1: a community modelling framework for the terrestrial water cycle in Python" by Thibault Hallouin et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2021-419-CEC1>, 2021

Dear authors,

After checking your manuscript, it has come to our attention that it does not comply with our Code and Data Policy.

https://www.geoscientific-model-development.net/policies/code_and_data_policy.html

You have archived your code in GitHub. However, GitHub is not a suitable repository.

GitHub itself instructs authors to use other alternatives for long-term archival and publishing, such as Zenodo. Therefore, please, publish your code in one of the appropriate repositories.

In this way, before the Discussions stage is closed, you must reply to this comment with the link to the repository for the code and the corresponding DOI.

Also, you must include in a potential reviewed version of your manuscript the modified 'Code and Data Availability' section and the DOI of the code.

Please, reply as soon as possible to this comment with the link for it so that it is available for the peer-review process, as it should be.

Juan A. Añel

Geosc. Mod. Dev. Executive Editor
