Author comment on "How biased are our models? – a case study of the alpine region" by
Denise Degen et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2021-48-AC1>, 2021

First of all, we would like to thank RC1 for all points raised which helped us to improve not only the readability of the manuscript but its scientific merit. In the attachment to this post, you will find a first file (Reply to Reviewer 1.pdf) where we detail our point by point revision, each RC1's comments is followed by our answers (highlighted in a different colour).

Please also note the supplement to this comment:
