Author comment on "fenics_ice 1.0: a framework for quantifying initialization uncertainty for time-dependent ice sheet models" by Conrad P. Koziol et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2021-90-AC1>, 2021

Please find attached our merged reviewer response and difference report.

There is now a new zenodo version under the fenics_ice repository but the system will not allow the url to be modified at this point.

Please also note the supplement to this comment:
