Author comment on "Development of an LSTM-Broadcasting deep-learning framework for regional air pollution forecast improvement" by Haochen Sun et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2022-164-AC1, 2022

Dear Editor,

Thanks for your notification. We have re-uploaded the code to Zenodo. The relevant input and output data have also been uploaded.

We will add "The official implementation of this work is at https://doi.org/10.5281/zenodo.7019243, and the deep learning model parameters and the input/output data with compatible formats are available at https://doi.org/10.5281/zenodo.6827585 and https://doi.org/10.5281/zenodo.6601173, respectively." in the 'Code and Data Availability' section of the revised manuscript.

Thanks!

Yours sincerely,
Xingcheng Lu
