Chief editor comment on "Barotropic tides in MPAS-Ocean (E3SM V2): impact of ice shelf cavities" by Nairita Pal et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2022-188-CEC2>, 2022

Dear authors,

Many thanks for the reply. We hope to see the information on the new repository soon.

Please, note that in a public Discussions stage like the one in our journal, a reviewer can be anyone, so it does not make sense to wait for reviewers invited by editors to publish. Anyone that wants should be able to access the material necessary to reproduce the manuscript.

Best regards,

Juan A. Añel

Geosci. Model Dev. Executive Editor
