Author comment on "An ensemble Kalman filter system with the Stony Brook Parallel Ocean Model v1.0" by Shun Ohishi et al., Geosci. Model Dev. Discuss.,
<https://doi.org/10.5194/gmd-2022-40-AC1>, 2022

Dear Mr./Ms. Juan A. Añel,

We thank the Executive Editor for indicating the repository and license. We have added the MIT License to an sbPOM-LETKF directory on Github, and then added sbPOM-LETKF version 1.0 to Zenodo (<https://zenodo.org/record/6482744#.YmZ2IpLP3uQ>), reserving doi: 10.5281/zenodo.6482744. We will add the URL and doi in the revised manuscript.

Best regards,

Shun Ohishi
