Author comment on "Mapping 3D Structure of Loose Quaternary Deposits Combining Deep Learning and Multiple-point Statistics: An example in Chencun, Northern Pearl River Delta" by Weisheng Hou et al., Geosci. Model Dev. Discuss., <https://doi.org/10.5194/gmd-2022-83-AC3>, 2022

Dear Editor,

We appreciated the referees' valuable comments on the manuscript titled with "Mapping 3D Structure of Loose Quaternary Deposits Combining Deep Learning and Multiple-point Statistics: An example in Chencun, Northern Pearl River Delta" (gmd-2022-83). Thank you for your suggestions and reminders. We have replied to all reviewers and will modify the article, and upload the code and case we built again as required. But it will take some time. Thank you again for your advice and patience.

Sincerely,

Weisheng Hou and Hengguang Liu et al.,
