Nunzio Romano (Editor)

Editor comment on "Exploring the role of soil storage capacity for explaining deviations from the Budyko curve using a simple water balance model" by Jan Bondy et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2021-174-EC1>, 2021

Dear Authors:

Until now, your original submission received some interesting comments from reviewers and discussants. I invite you to post some preliminary responses from your side so as to feed the discussion step of the journal and keep the exchange of ideas alive.
