Andreas Hartmann et al.

Author comment on "Incorporating experimentally derived streamflow contributions into model parameterization to improve discharge prediction" by Andreas Hartmann et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2021-179-AC3>, 2021

Thank you for your advice. We will provide Figure 5 with Q transferred in log scale. We will also try the suggested NSIR.
