Comment on hess-2021-399 - Attention when uploading the replies

Nunzio Romano (Editor)

Editor comment on "Rill Erosion on Slope of Spoil tips: experimental study of runoff scouring erosion in multiple times" by Yongcai Lou et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2021-399-EC1>, 2021

Dear Authors,

I appreciate that you started providing some preliminary replies to both reviewers and discussants, but please pay more attention to the texts and/or the files you upload. Specifically, please note that you uploaded twice your AC3 and AC4 replies to RC1's comments.

More importantly, when replying to RC3's appraisal, you have uploaded a document written for J. of Hydrology. Please, ask the Editorial Office to remove that document.
