Author comment on "Barriers to mainstream adoption of catchment-wide natural flood management: a transdisciplinary problem-framing study of delivery practice" by Thea Wingfield et al., Hydrol. Earth Syst. Sci. Discuss.,
<https://doi.org/10.5194/hess-2021-404-AC3>, 2021

Thank you for your positive comments we appreciate your considered response and support of the paper.

We will revisit the paper and review the sections discussing participation – selection, membership and history of the catchment partnerships

Thank you for your input about further clarification in the results section we will revisit and provide the necessary details
