Eunsaem Cho

Community comment on "The impact of wind on the rainfall-runoff relationship in urban high-rise building areas" by Xichao Gao et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2021-412-CC1>, 2021

Dear Editor Yue-Ping Xu,

My name is Eunsaem Cho, research professor from Korea University in South Korea.

I want to notice you that I already published the paper which is really similar with this pre-print paper.

I think the authors should read my paper and consider it as previous study.

See the attached file to check my paper.

Sincerely,

Eunsaem Cho
