Author comment on "The role of multi-criteria decision analysis in a transdisciplinary process: co-developing a flood forecasting system in western Africa" by Judit Lienert et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2021-506-AC1>, 2021

Dear Referee, dear Editors

Thank you very much for reviewing our manuscript:

Judit Lienert, Jafet Andersson, Daniel Hofmann, Francisco Silva Pinto, Martijn Kuller, "Can MCDA guide transdisciplinary endeavors? A framework applied to co-developing a flood forecasting system in West Africa". hess-2021-506

This manuscript was written for the HESS Special Issue "**Contributions of transdisciplinary approaches to hydrology and water resources management**"

We are grateful for the work that has gone into reviewing our paper. We do know that this takes a lot of time, which receives no direct reward. Your suggestions are very constructive and most welcome. We are very willing to improve the manuscript based on your inputs, wherever possible.

We have addressed your comments one-by-one in the attached pdf.

Please note that we have two main questions to the editors, on which we would appreciate guidance.

Looking forward to your response, with best regards,

Judit Lienert

also on behalf of my co-authors, Jafet Andersson, Daniel Hofmann, Francisco Silva Pinto, and Martijn Kuller
