Author comment on "A retrospective on hydrological catchment modelling based on half a century with the HBV model" by Jan Seibert and Sten Bergström, Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2021-542-AC1>, 2022

Dear Stein,

Thanks for your comment on our manuscript. We fully agree that many HBV concepts can also be used in distributed approaches. We appreciate that you reminded us about these papers which will be a good basis for discussing this aspect in some more detail.

Best regards,

Jan and Sten
