Author comment on "Socio-hydrology, politicization of water science and implication of the Eyes on Earth Study on the contemporary research dialogue in the Lancang-Mekong Basin" by Richard Grünwald et al., Hydrol. Earth Syst. Sci. Discuss., https://doi.org/10.5194/hess-2021-647-AC1, 2022

Dear reviewer,

thank you for your constructive feedback and valuable recommendations for improving the quality of our proposed paper. If we will get a chance to re-write our draft by the editor, we are committed to making a major revision of the proposed draft.

1) The language level will be improved and redundant words will be limited

2) The methodology + application of the methods will be revised

3) The missing references will be added

Thank you for your patience and understanding,

Authors
