Author comment on "Socio-hydrology, politicization of water science and implication of the Eyes on Earth Study on the contemporary research dialogue in the Lancang-Mekong Basin" by Richard Grünwald et al., Hydrol. Earth Syst. Sci. Discuss., https://doi.org/10.5194/hess-2021-647-AC2, 2022

Dear reviewer,

thank you for your critical feedback and valuable recommendations for improving the quality of our proposed paper. If we will get a chance to re-write our draft upon the editor's decision, we are committed to making a major revision of the proposed draft.

1) The language level will be improved and redundant words will be limited

2) The methodology + application of the methods will be revised

3) The missing references will be added

4) Visualization and discussion over the research results will be improved

Thank you for your patience,

Authors
