Author comment on "Characterizing 4 decades of accelerated glacial mass loss in the west Nyainqentanglha Range of the Tibetan Plateau" by Shuhong Wang et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2022-179-AC3>, 2022

Dear Xiangying Li

We thank you very much for the comments on our manuscript (#hess-26-3901-2022) titled "Characterizing four decades of accelerated glacial mass loss in the West Nyainqentanglha Range of the Tibetan Plateau." We have carefully addressed your concerns and suggestions.

In the attached Response to CC1, we provide point-by-point response to each your comment (blue colored texts are our responses, while black texts are original comments).

Once again, we really appreciate the time you put in reading our manuscript. Hope we have adequately addressed all your comments.

Sincerely Yours,

Jintao Liu, Shuhong Wang & Hamish D. Pritchard
