Referee comment on "The origin of hydrological responses following earthquakes in a confined aquifer: insight from water level, flow rate, and temperature observations" by Shouchuan Zhang et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2022-326-RC3>, 2022

---

I think Authors followed suggests and text increased reliability, thus I hope it will be accepted and soon published with no further changes.
