Chinchu Mohan et al.

Author comment on "Poor correlation between large-scale environmental flow violations and freshwater biodiversity: implications for water resource management and the freshwater planetary boundary" by Chinchu Mohan et al., Hydrol. Earth Syst. Sci. Discuss., <https://doi.org/10.5194/hess-2022-87-AC5>, 2022

For easier reading, a PDF version of all the comments is also attached as supplementary material.
