## **Comment on hgss-2023-2**

Kristian Schlegel (Editor)

---

Editor comment on "History of the Potsdam, Seddin and Niemegek geomagnetic observatories – Part 2: Seddin" by Hans-Joachim Linthe, Hist. Geo Space. Sci. Discuss., <https://doi.org/10.5194/hgss-2023-2-EC1>, 2023

---

Abstract, line 10: „Potsdam, Seddin and Niemegek“ should be included after „3 geomagnetic observatories“

page 4: line 7: footnote 1) should be added for Askania Berlin: „see Appendix in Linthe (2022)“

page 4: line 8: footnote 2) should be added for Otto Toepfer & Sohn, Potsdam: see Appendix after section 2.3.2

page 4 line 15: footnote 2) should be added for Schulze

page 5, line 27: is Fig. 9 really necessary? The disturbances caused by the Berlin suburban railway system ist shown already in Fig. 8

page 6, line 17/18 and Figs. 11 and 12: Both figures can be omitted, since the respective portraits of Adolf Schmidt and Alfred Nippoldt are already depicted as Fig. 12 and 13 in Linthe (2022).
