Author comment on "Exploration of the close chemical space of tryptophan and tyrosine reveals importance of hydrophobicity in CW-photo-CIDNP performances" by Felix Torres et al., Magn. Reson. Discuss., <https://doi.org/10.5194/mr-2021-1-AC1>, 2021

Dear Dr. Hore

We would like to thank for the detailed reading and suggestions, which we will follow in the revised version of the manuscript.

Sincerely Yours

Roland Riek
