Comment on mr-2021-1

Peter Hore (Referee)

Referee comment on "Exploration of the close chemical space of tryptophan and tyrosine reveals importance of hydrophobicity in CW-photo-CIDNP performances" by Felix Torres et al., Magn. Reson. Discuss., https://doi.org/10.5194/mr-2021-1-RC1, 2021

Please see uploaded file. I do not need to review the revised manuscript.
