We noted a small but confusing typo on page 5. We are citing Eq. (a) incorrectly as Eq. 9 of (Ghose et al. 1998), Eq. (a) is referring to Eq. 7 of course. It might also be worth noting that we did not include the missing square over $\tau_c$ in Eq. 9 of (Ghose et al. 1998) since it is clearly an oversight.
