Christopher A. Waudby and John Christodoulou

Author comment on "Analysis of conformational exchange processes using methyl-TROSY-based Hahn echo measurements of quadruple-quantum relaxation" by Christopher A. Waudby and John Christodoulou, Magn. Reson. Discuss.,
<https://doi.org/10.5194/mr-2021-60-AC2>, 2021

Yes - we'll be very happy to do this.
