Editor comment on "Paramagnetic relaxivity of delocalized long-lived states of protons in chains of CH₂ groups" by Aiky Razanahoera et al., Magn. Reson. Discuss., <https://doi.org/10.5194/mr-2022-23-EC1>, 2023

Dear Dr Sheberstov,

thank you for your response, which answered all questions posed by the reviewers. I shall be happy to accept the correspondingly revised version for publication.

Thank you for submitting this fine article to *Magnetic Resonance*.

Best regards,

Gottfried
