Community comment on "Chronicle of a forecast flood: exposure and vulnerability on the southeast coast of Spain" by Rubén Giménez-García et al., Nat. Hazards Earth Syst. Sci. Discuss., https://doi.org/10.5194/nhess-2021-134-CC1, 2021

The content of this paper is very similar to that of a published work https://www.age-geografia.es/site/wp-content/uploads/2016/07/crisis_globlalization_UGI_eng_2016_WEB.pdf (pages 92 to 103) but I have not found any reference to it in the manuscript.I think the authors should consider expanding the review of the bibliography.
