Community comment on "Chronicle of a forecast flood: exposure and vulnerability on the southeast coast of Spain" by Rubén Giménez-García et al., Nat. Hazards Earth Syst. Sci. Discuss., <https://doi.org/10.5194/nhess-2021-134-CC3>, 2021

In any case, if the aforementioned indications are taken into account, the work deserves to be published in this journal since it is within its scope.

Best regards

Alfredo Pérez
