Tom Howard and Simon David Paul Williams

Author comment on "Towards using state-of-the-art climate models to help constrain estimates of unprecedented UK storm surges" by Tom Howard and Simon David Paul Williams, Nat. Hazards Earth Syst. Sci. Discuss.,
<https://doi.org/10.5194/nhess-2021-184-AC2>, 2021

The pdf supplement (diff.pdf) to this comment shows a "latexdiff" on the revised article, highlighting (in blue) where we have changed the text. I'm not sure yet how to formally upload the revised manuscript...

Please also note the supplement to this comment:
