Referee comment on "Towards using state-of-the-art climate models to help constrain estimates of unprecedented UK storm surges" by Tom Howard and Simon David Paul Williams, Nat. Hazards Earth Syst. Sci. Discuss.,  
<https://doi.org/10.5194/nhess-2021-184-RC4>, 2021

---

Thank you for the positive way you have responded to our suggestions and also for the extra clarification on the return level curve connections with the scale parameter.

Eleanor D'Arcy and Jonathan Tawn
